Volume 291, October 2006
Volume 60, October 2006

On p. F709, right column, second to last sentence before the first full paragraph, the authors misstated that the protein carboxy-terminal binding protein 3/brefeldin A-ribosylated substrate (CtBP3/BARS) contains a curvature-inducing membrane BAR domain. The authors apologize for any confusion that this misstatement may have caused.
