THE APS JOURNAL LEGACY CONTENT is an “online package” of over 100 years of historical scientific research from 13 American Physiological Society (APS) research journals.

- It can be purchased separately at a one-time charge for perpetual use. This Legacy Content is **FREE to APS Members** ($2,000 for nonmembers).
- It is a separate program from the Subscription Program in that you pay once for the perpetual access to the online content from all APS journals from 1898 to 1996-1998, depending on the journal (see chart below). This content goes back to the first issue of each of the APS journals—including the American Journal of Physiology, first published in 1898. This legacy content can be viewed as completely searchable scanned images of the printed pages.
