A Journal of The American Physiological Society

American Journal of Physiology-
Renal Physiology

Scope of Journal
The American Journal of Physiology-
Renal Physiology covers all areas of renal physiology, including:

- original, innovative research on the kidney, urinary tract, and their respective cells and vasculature
- thought-provoking investigations involving human and animal models, individual cell types, and isolated membrane systems
- cross-disciplinary papers on the pathophysiological basis of disease processes in the kidney, the urinary tract, and in the regulation of body fluids
- timely editorial reviews

Authors are required to submit papers online at www.apscentral.org.

A Few HOT Articles

- Vitamin D
  Adriana S. Dusso, Alex J. Brown, Eduardo Slatopolsky

- Advanced glycation end products and the kidney
  Jürgen M. Bohlender, Sybille Franke, Günter Stein, Gunter Wolf

- Structure and function of aquaporin water channels
  A. S. Verkman, Alok K. Mitra

- Tight junction biology and kidney dysfunction
  David B. N. Lee, Edmund Huang, Harry J. Ward
  Am. J. Physiol. Renal Physiol. Jan 01, 2006; 290: 20-34

- New insights into the regulation of V-ATPase-dependent proton secretion
  Sylvie Breton, Dennis Brown

- Hypoxia-inducible factors in the kidney
  Volker H. Haase

Reader & Author Benefits

- Fully searchable text, including PubMed
- Rich color and sharp resolution of figures
- Editor’s Home Page at www.the-aps.org/publications/ajprenal
- FREE access to the extensive collection of back issues available online 12 months after publication
- FREE e-mail notification of new content as it becomes available
- Manuscripts online within days of acceptance
- Perpetual/Electronic Archiving of the LOCKSS and CLOCKSS systems preserves the electronic content of all APS journals.

Authors can choose to pay $2,000 on top of regular author fees and have their article made free immediately.

To start your SUBSCRIPTION, e-mail: subscriptions@the-aps.org
To submit your MANUSCRIPT go to: www.apscentral.org

FURTHER INFORMATION: E-mail: subscriptions@the-aps.org, Call 301-634-7180, Fax 301-634-7418, or mail to The American Physiological Society, 9650 Rockville Pike, Bethesda, MD 20814-3991 (USA)
CALL FOR NOMINATIONS
for the Editorship of

Physiological Genomics

Nominations are invited for the Editorship of the *Physiological Genomics* to succeed A. W. Cowley, Jr., who will complete his term as Editor on June 30, 2009. The Publications Committee plans to interview candidates in the Fall of 2008.

Applications should be received before **August 15, 2008**.

Nominations, accompanied by a curriculum vitae, should be sent to the Chair of the Publications Committee:

Kim E. Barrett, Ph.D.
9650 Rockville Pike
Bethesda, MD 20814-3991

---

CALL FOR NOMINATIONS
for the Editorship of

*American Journal of Physiology-Gastrointestinal and Liver Physiology*

Nominations are invited for the Editorship of the *American Journal of Physiology-Gastrointestinal and Liver Physiology* to succeed M. Montrose, who will complete his term as Editor on June 30, 2009. The Publications Committee plans to interview candidates in the Fall of 2008.

Applications should be received before **August 15, 2008**.

Nominations, accompanied by a curriculum vitae, should be sent to the Chair of the Publications Committee:

Kim E. Barrett, Ph.D.
9650 Rockville Pike
Bethesda, MD 20814-3991
Interested in improving your manuscript writing or improving your poster presentation?

Hear what a past participant had to say: "Writing the paper and being able to hear critics from the whole group is an experience to remember. So many good ideas and critics in so little time...wow!"

Who should apply: graduate students and post docs in all areas of physiology
What: Course in writing and reviewing for scientific journals and poster presentation skills
Where: Disney World, Lake Buena Vista, Florida
When: Every January
Why: The programs give students the opportunity to learn critical skills: how to network, give a formal introduction, and present effectively. The courses also aim to improve the technical aspects of student abstracts, manuscripts, and posters.

Learn more at: www.the-aps.org/education/profSkills/

Need to promote open positions, fellowship opportunities, programs, or conferences in physiology?

Advertise in the publications of The American Physiological Society (APS). The APS publications are a perfect way to advertise to research investigators, clinicians, educators, and information specialists in all disciplines of physiology. The society’s newsletter, The Physiologist and the beautifully illustrated journal, Physiology, are sent to over 11,500 members. Some issues are featured at high attendance meetings like the Society for Neuroscience and Experimental Biology annual meetings. Email ads are available starting at $250 per issue.

CONTACT FASEB AdNet at 301-634-7156 or email adnet@faseb.org for an ad estimate.
View APS rate card and full media kit at www.faseb.org/adnet.
Stanford University’s HighWire Press has created a single portal, the HighWire Library of the Sciences and Medicine, which offers the following special features:

- **Search 18 million articles**: You have free access to the full text of over 1.8 million articles from more than 1,102 journals (15,000 articles added monthly) and the abstracts in Medline’s over 5,000 journals.

**JOURNALS OF THE AMERICAN PHYSIOLOGICAL SOCIETY (APS) INCLUDED:**

The more than 1,102 journals include the following journals of the APS:

- American Journal of Physiology (AJP consolidated)
- AJP-Cell Physiology
- AJP-Endocrinology and Metabolism
- AJP-Gastrointestinal and Liver Physiology
- AJP-Lung Cellular and Molecular Physiology
- AJP-Heart and Circulatory Physiology
- AJP-Regulatory, Integrative and Comparative Physiology
- AJP-Renal Physiology
- Journal of Applied Physiology
- Journal of Neurophysiology
- Physiological Genomics
- Physiological Reviews
- Physiology
- Advances in Physiology Education

- **Easier sorting and formatting**: It is much easier to scan large results and pick out important articles by journal.

- **FREE Alerting Service**: You can sign up for free alerts to new content matching your keywords, authors, citations, and topics.

- **Only “1” Username/Password needed**: You need only ONE username/password to access all of your HighWire subscriptions.

- **World’s largest archive of FREE Life Science Articles**: See instantly what you or your institution can access free of charge and what is available via pay-per-view.
