Scope of Journal

The American Journal of Physiology-Renal Physiology covers all areas of renal physiology, including:

- original, innovative research on the kidney, urinary tract, and their respective cells and vasculature
- thought-provoking investigations involving human and animal models, individual cell types, and isolated membrane systems
- cross-disciplinary papers on the pathophysiological basis of disease processes in the kidney, the urinary tract, and in the regulation of body fluids
- timely editorial reviews

Authors are required to submit papers online at www.apscentral.org.

A Few HOT Articles

Vitamin D
Adriana S. Dusso, Alex J. Brown, Eduardo Slatopolsky

Advanced glycation end products and the kidney
Jürgen M. Bohlender, Sybille Franke, Günter Stein, Gunter Wolf

Structure and function of aquaporin water channels
A. S. Verkman, Alok K. Mitra

Tight junction biology and kidney dysfunction
David B. N. Lee, Edmund Huang, Harry J. Ward
Am. J. Physiol. Renal Physiol. Jan 01, 2006; 290: 20-34

New insights into the regulation of V-ATPase-dependent proton secretion
Sylvie Breton, Dennis Brown

Hypoxia-inducible factors in the kidney
Volker H. Haase

Reader & Author Benefits

- Fully searchable text, including PubMed
- Rich color and sharp resolution of figures
- Editor’s Home Page at www.the-aps.org/publications/ajprenal
- Access to the extensive collection of back issues available online 12 months after publication
- FREE e-mail notification of new content as it becomes available
- Manuscripts online within days of acceptance
- Perpetual/Electronic Archiving of the LOCKSS and CLOCKSS systems preserves the electronic content of all APS journals

Authors can choose to pay a fee on top of regular author fees and have their article made free immediately ($2,000 for research articles and $3,000 for review articles).
Member Benefit

MentorNet

Takes Mentoring to a Higher Level!

MentorNet also offers a Résumé Database for students seeking jobs or internships.

Any APS Member or nonmember (of any status) can be a mentor in this program. However, to receive the benefit of coaching and guidance from a mentor, you have to be an APS Member with the status of “trainee or early career”.

Questions? Contact Melinda Lowy (mlowy@the-aps.org; 301-634-7787)

Want to use MentorNet right away? Become an APS member today. Apply online at: www.the-aps.org/memapp2/ or email: members@the-aps.org
