The consolidated American Journal of Physiology (AJP) ranks as one of the most frequently cited publications among all physiology journals listed in the Journal Citation Index. Published in two monthly volumes by The American Physiological Society, the consolidated AJP brings you approximately 2,700 articles encompassing over 22,000 pages annually.

The consolidated edition of the AJP provides comprehensive coverage of the latest research published in these important specialty journals:

- Cell Physiology
- Endocrinology and Metabolism
- Gastrointestinal and Liver Physiology
- Lung Cellular and Molecular Physiology
- Heart and Circulatory Physiology
- Regulatory, Integrative and Comparative Physiology
- Renal Physiology

As your comprehensive source for the full spectrum of current physiological research at a single low subscription price, the consolidated AJP is an unbeatable value.

CALL FOR NOMINATIONS

For the Editorship of

Physiology

Nominations are invited for the Editorship of *Physiology* to succeed W. Boron, who will complete his term as Editor on June 30, 2012. The Publications Committee plans to interview candidates in the Fall of 2011.

Applications should be received before **August 15, 2011**.

Nominations, accompanied by a curriculum vitae, should be sent to the Chair of the Publications Committee:

Hershel Raff, Ph.D.
American Physiological Society
9650 Rockville Pike
Bethesda, MD 20814-3991
American Journal of Physiology-Renal Physiology
Special Call for Papers

Programming Normal Renal Development and Modeling Disease Pathogenesis
Submission Deadline: July 1, 2011

The American Journal of Physiology-Renal Physiology is seeking manuscripts to be submitted specifically related to the biology of renal development in health and disease. Submitted papers should address new scientific advances regarding the biology, pathophysiology, and genetics of the developing kidney and urinary tract. To be eligible for inclusion in the Call for Papers, manuscripts must be submitted by July 1, 2011.

**Note to Authors:** All manuscripts should be submitted online via eJournalPress, http://ajprenal.msubmit.net; during the online submission, under the “Keywords, Categories, & Special Section” tab, please choose “Programming Normal Renal Development and Modeling Disease Pathogenesis” under “categories.”

The manuscript will undergo normal peer review. If published, the article will be highlighted together in print with other papers appearing in response to this Call and will carry a banner indicating that the paper was submitted in response to this Call for Papers. Submissions will be reviewed as they are received and will be published online immediately upon acceptance.

If you have any questions or currently have a manuscript in this area submitted to the American Journal of Physiology-Renal Physiology and would like it to be included in this series, please contact Dr. Thomas Kleyman, Editor-in-Chief (e-mail: kleyman@pitt.edu).

Meetings & Conferences
of the American Physiological Society

2011 APS Conference:
7th International Symposium on Aldosterone and the ENaC/Degenerin Family of Ion Channels: Molecular Mechanisms and Pathophysiology
September 18-22, 2011 • Asilomar Conference Grounds, Pacific Grove, California

2011 APS Conference:
Physiology of Cardiovascular Disease: Gender Disparities
October 12-14, 2011 • University of Mississippi Medical Center, Jackson, Mississippi

Experimental Biology 2012
April 21-25, 2012 • San Diego, California

2012 APS Intersociety Meeting:
The Integrative Biology of Exercise VI
October 10-13, 2012 • Westin Westminster, Colorado

The American Physiological Society, Meetings Department
Phone: 301.634.7967, Fax: 301.634.7264, E-mail: meetings@the-aps.org
